

Kenya's Cowardly Attacks on Civilians Will Not go Unpunished.

01 Dul-Hijja 1444 H (19 June 2023)

Harakat Al-Shabaab Al Mujahideen's Armed Forces Command greatly commends the military operations carried out by the Mujahideen fighters in the occupied Muslim lands of North Eastern Kenya over the last few weeks. The Mujahideen conducted a series of targeted attacks against Kenya Defense Forces (KDF) and General Service Unit (GSU) officers in Mandera, Garissa and Wajir counties, and in some parts of the coastal county of Lamu.

These blessed operations, the latest of which occurred yesterday between Pandanguo and Witu in Lamu County, left dozens of KDF and GSU soldiers dead and wounded, as well as the destruction of their military vehicles and armored personnel carriers. All praise is due to Allaah.

The Armed Forces Command applauds the efforts of the Mujahideen in targeting the enemy forces and expresses gratitude to all the different branches of Harakat Al-Shabaab Al Mujahideen's armed forces who participated in the reconnaissance, preparation, planning and execution of the attacks.

As a response to the increased attacks of the Mujahideen against their military forces, the cowardly Kenyan crusaders, on the other hand, responded by indiscriminately shelling Muslim civilians and strafing their towns and villages from above.

Rather than confronting the Mujahideen who are fighting them inside the occupied Muslim lands in Kenya, the cowardly crusaders resorted to killing and injuring Muslim civilians in the towns of Jilib, Saakow and Salagle in the Islamic Wilaayah of Jubba and destroying property and infrastructure. Many of the victims of the cowardly aerial bombardment were women and children.

The Kenyan crusaders have made it a habit to resort to indiscriminate attacks on defenseless civilians whenever their forces incur losses on the battlefield or are faced with a humiliating defeat. We have seen them employ this cowardly tactic after the defeat of their army in El-Adde and Kulbiyow. The attacks against the Muslims in the Islamic Wilaayah of Jubba are the latest in a long litany of crimes perpetrated by the Kenyan disbelievers against the Muslims of Somalia. Kenyan forces have a history of deliberately humiliating, abusing and killing innocent Muslims and the massacre of thousands of Muslims in Isiolo, Garissa and Wagalla stands as a testament to their savageness and barbarity.

The Kenyan crusaders should know that their indiscriminate attacks on defenseless women and children in the Islamic Wilaayaat will neither make an effective contribution to their war against the Mujahideen nor repel the attacks against Kenyan troops. The Armed Forces Command assures the Kenyan invaders that such indiscriminate attacks against Muslims will not go unpunished and the

Mujahideen vow to respond in an appropriate, swift and decisive manner, by the permission of Allaah.

Finally, the Armed Forces Command sends it heartfelt condolences to the bereaved families and the innocent victims of the senseless crusader attacks. We ask Allaah to accept the martyrdom of those who were killed and pray for a speedy recovery of those who were injured.
